

# PARTNERCONNECT™ PROGRAM

## SpamStopsHere PartnerConnect™ Reseller Program

The SpamStopsHere PartnerConnect reseller program is designed to bolster the profitability of our value added resellers (VARs). Resellers have the unique opportunity of offering their clients the most accurate spam and virus filtering solution on the market today. As spam and phishing attacks evolve and increase in sophistication, our resellers can rest assured that they are armed with the most effective weapon in messaging security today. Our aggressive compensatory programs allow our resellers to reach their economic and financial goals faster. SpamStopsHere is the industry leading email security solution for small business and corporate enterprises.

### Sell More Security Solutions – Now

Now more than ever, businesses are inundated with cyber security threats and attacks. Cyber criminals are constantly targeting small businesses and corporate enterprises with spam attacks containing malicious viruses, spyware and phishing scams. What was once a minor annoyance has now evolved into a serious threat to businesses and their employees. SpamStopsHere enables businesses to ensure that their networks and their employees are protected from such threats.

### Hosted, Managed Solutions vs. Software

Enjoy the financial benefits of selling a managed service over software. Managed services are quickly becoming the preferred method of doing business in the SMB market. SMBs are eager to streamline operations and cut time-consuming IT duties.

### “Kick the Tires” – 30 Day Free Trial

We encourage you and your customers to “kick the tires”; sign up for a free 30 day trial of SpamStopsHere, and try out a fully-functional control panel on a “demo” account with “demo” domains. This will give your customers an overview of the capabilities, customizability and ease-of-use of SpamStopsHere.

### Leverage Your Expertise While Bolstering Your Profitability

As a respected information technology reseller, your clients look to you for expert service and advice. SpamStopsHere allows you to provide a valuable service to your clients – securing their network and protecting their data and employees from fraud and identity theft. Offering SpamStopsHere to your existing and prospective customer base will bolster your revenues with a high-volume product offering.

*We are 100% committed to helping our resellers succeed. We understand the value and importance of communication, and encourage our resellers to ask questions and give us feedback. Our sales, marketing and technical support teams are always available, and will work closely with your staff to ensure your success.*

### Cost Effective & Easy to Get Started

*No hardware or software to install or maintain, no tuning, no training*

*Nothing technical to learn or do, no changes to any of your computers*

*Requires only a simple change to your DNS (change MX records)*

*Works with any in-house mail server including MS Exchange, Lotus Notes, Sun, UNIX, Linux, Eudora, Macintosh, and all others*

### Features & Benefits

*Recurring monthly revenue stream*

*Significant profit margin*

*Customized and branded control panel option*

*97% customer retention rate*

*Comprehensive sales and technical training*

*Generous sales incentives*

*Rapid and seamless sales process*

*Fast and professional technical, sales and marketing support*

*“If you’re leaning toward a hosted offering, SpamStopsHere bested all in the accuracy test.”*

*"Your spam filtering and virus protection service is extraordinary. I am amused when I see the world clamoring to come to terms with spam while SpamStopsHere totally resolved our issue with this persistent nuisance.*

*p.s. Last evening your service stopped dead 50,000 e-mails heading my way containing the W32. Mydoom virus."*

**Jack Kunkle, CIO, Muhlenkamp & Company**

*"SpamStopsHere works wonderfully for us. Over 98% of email sent to us is spam (or viruses). You stop almost all of it. We used to check the "hits" to look for any real mail that you called spam by mistake (false positives). We never found any, and have stopped checking. Bottom line - Your service is amazing."*

**Harvey Motulsky, President, Graph-Pad Software**

## Network Computing Magazine Review – Offer Your Customers the Most Accurate Anti-spam Solution in the Industry

In a recent review of the 35 major anti-spam products available, the highly regarded Network Computing Magazine rated SpamStopsHere number one for both spam filtering accuracy and system architecture as well as "The best overall hosted anti-spam solution."

## Free Up Valuable IT Resources

SpamStopsHere allows small businesses to concentrate on what they do best – business. Many of your small business customers have limited IT resources and budgets. SpamStopsHere will allow your clients to free-up valuable IT resources and increase their ROI.
